

**WUNDER-BAR LIQUOR CONTROL SYSTEMS  
CASH REGISTER & COMPUTER INTERFACING  
PRICE EFFECTIVE: January 1, 2010**

**Wunder-Bar** Liquor Control Systems can be interfaced with a wide variety of brands and models of cash registers, computers and point of sales systems. Pricing is for interfacing and employing RS 232 communications. IBM or IBM compatible systems will not function without the RS 232 capability. Cash Registers must be capable of sending and receiving information through an RS 232 communication port.
