

## Starline 5 Gallon Bubbler Beverage Dispenser

Perfect for showcasing and serving a wide range of chilled beverages like flavored teas, lemonades, fruit juices, and other non-carbonated / low pulp drinks. The innovative magnetic impeller pump system keeps your beverages circulating to ensure consistent flavor and maintain a clean bowl appearance. These are ideal for both Back-of-House (*Drive-Thru & To-Go areas*) and Front-of-House (*Buffets & Self-Serve stations*), making it simple for your Team or Customers to dispense their desired drinks.

### Key Features

#### Clear Beverage Display

beautifully highlights your choice beverages

#### Easy Dispensing

the pull-handle mechanism allows controlled pours

#### Consistent Circulation

promotes steady flavor and visual appeal

#### Magnetic Impeller System

alleviates excess component wear

#### Long-Life Compressor

low maintenance, quiet operation, and economical to operate

#### Durable Construction

powder-coated, matte finish side panels, stainless steel front panel, plastic grille, with drip tray and cup rest
